Called & Gifted II
Discernment in Depth for Small Groups

Â

How does the discernment of spiritual gifts provide the clues you need to follow God's call in your life? How can you gain confidence that you are heading in the right direction? Why is the discovery of your vocation from God so essential to your happiness?

This set, Discernment in Depth, provides a follow-up to the small-group series Called & Gifted I, Initial Discernment, allowing participants to continue their discernment of spiritual gifts and call from God. Presentations by Sherry Weddell and Fr. Michael Sweeney discuss the steps needed for deepening one's discernment and for making further strides towards the discovery of one's life-long vocation.

Called & Gifted II is also the perfect follow-up for those who have attended a live Called & Gifted workshop. It enables parishes and attendees to facilitate discernment groups, and builds upon the foundation laid in the workshop.

Topics include:

- Exercises in releasing control and healing prayer
- In-depth discussion of the lay and ordained roles
- How lay and ordained are called to collaborate
- How charisms work together uniquely in your life
- The nature and scope of vocation
- Recognizing patterns of vocation at work in your life

The Leader's Guide outlines the entire process and gives instructions where needed. The Participant's Guide

(sample included) provides directions for the individual and gives the structure for each session, discussion questions, and preparation needed for each session.

Sets of materials for individual participants are available from the Institute office and include the Discerning Charisms Workbook and Participant's Guide.

Contents of this full set include:

- Called & Gifted II 3-CD set
- Catholic Spiritual Gifts Resource Guide
- Discerning Charisms Workbook
- Small Group Leader's Guide
- Called & Gifted Small Group Participant's Guide II
